P: (602) 212-2668

A: The Young Agency

## PROFESSIONAL SUMMARY

Motivated and responsible high school student. Passionate athlete with a background in coaching, group work and private training. Taught private golf lessons. Adaptable and charismatic performer skilled at memorization and improvisation. Seeking acting roles in shooting commercials, modeling, stage and film acting. 6'2, 175 lbs.

## SKILLS

Athletic Ability: Have played varsity Basketball, Varsity Golf, Football, Soccer, and Weight Training. I am also an advanced horseback rider and I do mixed martial arts (MMA).

Mentoring: Have mentored special needs children in the sport of golf in both group and individual settings. Have helped and motivated children of all ages emphasizing the use of humor, patience and other techniques as I have best judged a particular individual's needs to enhance their enjoyment and skill at a given sport. Emphasized with each of the children that the enjoyment of a sport is much more than an individual's skill level. I have emphasized, with each child, that a given game is so much more than skill level; to truly appreciate the given sport it is essential that they maintain the highest level of integrity, patience, and the willingness to learn.

Teamwork: I apply the lessons learned as a student athlete to motivate and support all team members in assigned tasks and projects recognizing that, for the team to perform at its highest level, the individual may be required to perform a task in which he may appear to not benefit as much as the team.

Technology: Proficient in Microsoft Office Suite.

Languages: Fluent in English and Spanish with cross-cultural experience and sensitivity.

## EXPERIENCE

Toastmasters – gave numerous speeches and presentations

School projects - presentations, including writing and performing rap music

## EDUCATION

Senior in High School - current

Special Note: I attended school in Uruguay, South America for third and fourth grade wherein I was exposed to the Uruguayan culture and learned Spanish.
